

Football Competitions

The PE department recently held Inter House Football Competitions for Key Stage 3.

The year 7s enjoyed their first taste of competitive football at The Charter School North Dulwich, with 7G winning the boys' competition and 7B winning the girls' competition. A few days later, the year 9 competition took place with 9M winning both the boys' and girls' competitions for the second consecutive year.

The year 8 competition took place during the last week of term. It ended with 8S boys retaining the trophy for the second year running. 8S boys showed great grit and determination during the competition, winning two matches coming from a goal behind. 8P girls won the girls' competition with only four players, showing impressive resilience.

Altogether, we had over 200 participants taking part and engaging in fun and friendly competition to represent their houses. It was also great to see so many of their classmates turn up to show support and cheer on their house. Well done to everyone involved!

Lastly, please check out the new House System webpage on our school website. The webpage contains all the information about our Houses, House Competition Leaders and news regarding competitions.
